

Online Safety Policy

Introduction

Key people / dates

 <p>Brockhurst Primary School</p>	Designated Safeguarding Lead (DSL) team	Amelia Cripps
	Online-safety lead (if different)	Steve Patrick
	Online-safety / safeguarding link governor	Lyndsay McLees
	PSHE/RSHE lead	Juliette Kelly
	Network manager / other technical support	SchoolCare
	Date this policy was reviewed and by whom	Spring 2021 Amelia Cripps (HT) Steve Patrick (DHT) and Natalie Parker (Computing Lead)
	Date of next review and by whom	Spring 2024

What is this policy?

Online safety is an integral part of safeguarding and requires a whole school, cross-curricular approach and collaboration between key school leads. Accordingly, this policy is written in line with 'Keeping Children Safe in Education' 2020 (KCSIE), 'Teaching Online Safety in Schools' 2019, statutory RSHE guidance 2019 and other statutory documents. It complements existing and forthcoming subjects including Health, Relationships and Sex Education, Citizenship and Computing; it is designed to sit alongside your school's statutory Safeguarding Policy. Any issues and concerns with online safety must follow the school's safeguarding and child protection procedures.

Who is it for; when is it reviewed?

This policy should be a living document, subject to full annual review but also amended where necessary during the year in response to developments in the school and local area. We recommend you read the **DfE Covid Safeguarding Guidance** at safepolicies.lgfl.net before reissuing your school policies for online safety, safeguarding and AUPs to see what needs changing in the light of potential

closure, remote learning and alternative arrangements at school. Although many aspects will be informed by legislation and regulations, you should involve staff, governors, pupils and parents in writing and reviewing the policy (KCSIE stresses making use of teachers' day-to-day experience on the ground). This will help ensure all stakeholders understand the rules that are in place and why, and that the policy affects day-to-day practice. Pupils could help to design a version in language their peers understand or help you to audit compliance. Acceptable Use Policies (see appendices) for different stakeholders help with this – ensure these are reviewed alongside this overarching policy. Any changes to this policy should be immediately disseminated to all the above stakeholders.

Who is in charge of online safety?

You may have a named online-safety lead at your school (see above); this person may or may not be the designated safeguarding lead (DSL), but KCSIE makes clear that “the designated safeguarding lead should take **lead** responsibility for safeguarding and child protection (including online safety).”

What are the main online safety risks today?

Online-safety risks are traditionally categorised as one of the 3 Cs: Content, Contact or Conduct (identified by Professor Tanya Byron's 2008 report “Safer children in a digital world”). These three areas remain a helpful way to understand the risks and potential school response, whether technological or educational. They do not stand in isolation, however, and it is important to understand the interplay between all three.

Many of these new risks are mentioned in KCSIE 2020, e.g. extra-familial harms where children are at risk of abuse or exploitation to multiple harms in situations outside their families including sexual exploitation, criminal exploitation, serious youth violence, upskirting and sticky design.

In past and potential future **remote learning and lockdowns**, there is a greater risk for grooming and exploitation (CSE, CCE and radicalisation) as children spend more time at home and on devices. There is a real risk that some of your pupils may have missed opportunities to disclose such abuse during the first lockdown. The quick audit safesummer2020.lgfl.net or quiz at digisafedigest.lgfl.net (available from mid-August as a compilation of the best questions from the DD worksheets) may help to surface some of these issues.

Ways we can help you stay up to date with the latest news, risks, opportunities, best-practice and trends include the LGfL DigiSafe [blog](#), [newsletter](#) and our [Twitter](#)/[Facebook](#) channels.

How will this policy be communicated?

This policy can only impact upon practice if it is a (regularly updated) living document. It must be accessible to and understood by all stakeholders. It will be communicated in the following ways:

- Posted on the school website
- Available on the internal staff shared resources network
- Available in paper format in the staffroom
- Part of school induction pack for all new staff (including temporary, supply and non-classroom-based staff)
- Integral to safeguarding updates and training for all staff (especially in September refreshers)
- Clearly reflected in the Acceptable Use Policies (AUPs) for staff, volunteers, contractors, governors, pupils and parents/carers (which must be in accessible language appropriate to these groups).
- AUPs issued to whole school community, on entry to the school, with annual reminders of where to find them if unchanged, and reissued if updated after annual review
- Reviews of this online-safety policy will include input from staff, pupils and other stakeholders, helping to ensure further engagement

Overview

Aims

This policy aims to:

- Set out expectations for all Brockhurst Primary School community members' online behaviour, attitudes and activities and use of digital technology (including when devices are offline)
- Help all stakeholders to recognise that online/digital behaviour standards (including social media activity) must be upheld beyond the confines of the school gates and school day, and regardless of device or platform
- Facilitate the safe, responsible and respectful use of technology to support teaching & learning, increase attainment and prepare children and young people for the risks and opportunities of today's and tomorrow's digital world, to survive and thrive online
- Help school staff working with children to understand their roles and responsibilities to work safely and responsibly with technology and the online world:
 - for the protection and benefit of the children and young people in their care, and
 - for their own protection, minimising misplaced or malicious allegations and to better understand their own standards and practice
 - for the benefit of the school, supporting the school ethos, aims and objectives, and protecting the reputation of the school and profession
- Establish clear structures by which online misdemeanours will be treated, and procedures to follow where there are doubts or concerns (with reference to other school policies such as Behaviour Policy or Anti-Bullying Policy)

Further Help and Support

Internal school channels should always be followed first for reporting and support, as documented in school policy documents, especially in response to incidents, which should be reported in line with your Safeguarding Policy. The DSL will handle referrals to local authority multi-agency safeguarding hubs (MASH) and normally the headteacher will handle referrals to the LA designated officer (LADO). The local authority, academy trust or third-party support organisations you work with may also have advisors to offer general support.

Beyond this, [reporting.lgfl.net](https://www.lgfl.net/reporting) has a list of curated links to external support and helplines for both pupils and staff, including the Professionals' Online-Safety Helpline from the UK Safer Internet Centre and the NSPCC Whistleblowing Helpline, as well as hotlines for hate crime, terrorism and fraud which might be useful to share with parents, and anonymous support for children and young people.

Scope

This policy applies to all members of the Brockhurst Primary School community (including teaching and support staff, supply teachers and tutors engaged under the DfE National Tutoring Programme, governors, volunteers, contractors, pupils, parents/carers, visitors and community users) who have access to our digital technology, networks and systems, whether on-site or remotely, and at any time, or who use technology in their school role.

Roles and responsibilities

This school is a community and all members have a duty to behave respectfully online and offline, to use technology for teaching and learning and to prepare for life after school, and to immediately report any concerns or inappropriate behaviour, to protect staff, pupils, families and the reputation of the school. We learn together, make honest mistakes together and support each other in a world that is online and offline at the same time.

Headteacher– Amelia Cripps

Key responsibilities:

- Support safeguarding leads and technical staff as they review protections for **pupils in the home** and **remote-learning** procedures, rules and safeguards (see coronavirus.lgfl.net/safeguarding for an addendum to policies and an infographic overview of safeguarding considerations for remote teaching technology.
- Foster a culture of safeguarding where online safety is fully integrated into whole-school safeguarding
- Oversee the activities of the designated safeguarding lead and ensure that the DSL responsibilities listed in the section below are being followed and fully supported
- Ensure that policies and procedures are followed by all staff
- Undertake training in offline and online safeguarding, in accordance with statutory guidance and relevant Local Safeguarding Partnerships
- Liaise with the designated safeguarding lead on all online-safety issues which might arise and receive regular updates on school issues and broader policy and practice information
- Take overall responsibility for data management and information security ensuring the school's provision follows best practice in information handling; work with the DPO, DSL and governors to ensure a GDPR-compliant framework for storing data, but helping to ensure that child protection is always put first and data-protection processes support careful and legal sharing of information

- Ensure the school implements and makes effective use of appropriate ICT systems and services including school-safe filtering and monitoring, protected email systems and that all technology including cloud systems are implemented according to child-safety first principles
- Be responsible for ensuring that all staff receive suitable training to carry out their safeguarding and online safety roles
- Understand and make all staff aware of procedures to be followed in the event of a serious online safeguarding incident
- Ensure suitable risk assessments are undertaken so the curriculum meets needs of pupils, including risk of children being radicalised
- Ensure that there is a system in place to monitor and support staff (e.g. network manager) who carry out internal technical online-safety procedures
- Ensure governors are regularly updated on the nature and effectiveness of the school's arrangements for online safety
- Ensure the school website meets statutory requirements (see appendices for website audit document)

Designated Safeguarding Lead / Online Safety Lead – Amelia Cripps / Steve Patrick

Key responsibilities (remember the DSL can delegate certain online safety duties, e.g. to the online-safety coordinator, but not the overall responsibility; this assertion and all quotes below are from Keeping Children Safe in Education 2020):

- “The designated safeguarding lead should take **lead responsibility** for safeguarding and child protection [including online safety] ... this **lead** responsibility should not be delegated”
- Work with the HT and technical staff to review protections for **pupils in the home** and **remote-learning** procedures, rules and safeguards (see [coronavirus.lgfl.net/safeguarding](https://www.lgfl.net/safeguarding) for an addendum to policies and an infographic overview of safeguarding considerations for remote teaching technology.
- Where the online-safety coordinator is not the named DSL or deputy DSL, ensure there is regular review and open communication between these roles and that the DSL's clear overarching responsibility for online safety is not compromised
- Ensure “An effective approach to online safety [that] empowers a school or college to protect and educate the whole school or college community in their use of technology and establishes mechanisms to identify, intervene in and escalate any incident where appropriate.”
- “Liaise with staff (especially pastoral support staff, school nurses, IT Technicians, and SENCOs, or the named person with oversight for SEN in a college and Senior Mental Health Leads) on

matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies.”

- Take day-to-day responsibility for online safety issues and be aware of the potential for serious child protection concerns
- Remind staff of safeguarding considerations as part of a review of remote learning procedures and technology, including that the same principles of online safety and behaviour apply
- Work with the headteacher, DPO and governors to ensure a GDPR-compliant framework for storing data, but helping to ensure that child protection is always put first and data-protection processes support careful and legal sharing of information
- Stay up to date with the latest trends in online safeguarding and “undertake Prevent awareness training.” – see safetraining.lgfl.net and prevent.lgfl.net
- Review and update this policy, other online safety documents (e.g. Acceptable Use Policies) and the strategy on which they are based (in harmony with policies for behaviour, safeguarding, Prevent and others) and submit for review to the governors/trustees.
- Receive regular updates in online safety issues and legislation, be aware of local and school trends – see safeblog.lgfl.net for examples or sign up to the [LGfL safeguarding newsletter](https://lgflsafeguarding.com/newsletter)
- Ensure that online safety education is embedded across the curriculum in line with the statutory RSHE guidance (e.g. by use of the updated UKCIS framework ‘Education for a Connected World – 2020 edition’) and beyond, in wider school life
- Promote an awareness of and commitment to online safety throughout the school community, with a strong focus on parents, who are often appreciative of school support in this area, but also including hard-to-reach parents – materials at parentsafe.lgfl.net
- Communicate regularly with SLT and the designated safeguarding and online safety governor/committee to discuss current issues (anonymised), review incident logs and filtering/change control logs and discuss how filtering and monitoring work and have been functioning/helping.
- Ensure all staff are aware of the procedures that need to be followed in the event of an online safety incident, and that these are logged in the same way as any other safeguarding incident.
- Ensure adequate provision for staff to flag issues when not in school and for pupils to disclose issues when off site, especially when in isolation/quarantine/lockdown, e.g. a safe, simple, online form on the school home page about ‘something that worrying me’ that gets mailed securely to the DSL inbox/
- Oversee and discuss ‘appropriate filtering and monitoring’ with governors and ensure staff are aware.
- Ensure the 2018 DfE guidance on sexual violence and harassment is followed throughout the school and that staff adopt a zero-tolerance approach to this, as well as to bullying
- Facilitate training and advice for all staff, including supply teachers:
 - all staff must read KCSIE Part 1 and all those working with children Annex A

- it would also be advisable for all staff to be aware of Annex C (online safety)
- cascade knowledge of risks and opportunities throughout the organisation
- Pay particular attention to **online tutors** this year, both those engaged by the school as part of the DfE scheme who can be asked to sign the contractor AUP, and those hired by parents.
- Monitor the use of school technology, online platforms and social media presence and that any misuse/attempted misuse is identified and reported in line with school policy
- Work with the Headteacher to ensure the school website meets statutory DfE requirements

Governing Body, led by Online Safety / Safeguarding Link Governor – Lyndsay McLees

Key responsibilities (quotes are taken from Keeping Children Safe in Education 2020)

- Approve this policy and strategy and subsequently review its effectiveness, e.g. by asking the questions in the helpful document from the UK Council for Child Internet Safety (UKCIS) [Online safety in schools and colleges: Questions from the Governing Board](#)
- Ask about how the school has reviewed protections for **pupils in the home** (including when with online tutors) and **remote-learning** procedures, rules and safeguards (see coronavirus.lgfl.net/safeguarding for an addendum to policies and an infographic overview of safeguarding considerations for remote teaching technology.
- “Ensure an appropriate **senior member** of staff, from the school or college **leadership team**, is appointed to the role of DSL [with] **lead responsibility** for safeguarding and child protection (including online safety) [with] the appropriate status and authority [and] time, funding, training, resources and support...”
- Support the school in encouraging parents and the wider community to become engaged in online safety activities
- Have regular strategic reviews with the online-safety co-ordinator / DSL and incorporate online safety into standing discussions of safeguarding at governor meetings
- Where the online-safety coordinator is not the named DSL or deputy DSL, ensure that there is regular review and open communication between these roles and that the DSL’s clear overarching responsibility for online safety is not compromised
- Work with the DPO, DSL and headteacher to ensure a GDPR-compliant framework for storing data, but helping to ensure that child protection is always put first and data-protection processes support careful and legal sharing of information
- Check all school staff have read Part 1 of KCSIE; SLT and all working directly with children have read Annex A; check that Annex C on Online Safety reflects practice in your school
- “Ensure that all staff undergo safeguarding and child protection training (including online safety) at induction. The training should be regularly updated [...] in line with advice from the

local three safeguarding partners [...] integrated, aligned and considered as part of the overarching safeguarding approach.”

- “Ensure appropriate filters and appropriate monitoring systems are in place [but...] be careful that ‘overblocking’ does not lead to unreasonable restrictions as to what children can be taught with regard to online teaching and safeguarding”.
- “Ensure that children are taught about safeguarding, including online safety [...] as part of providing a broad and balanced curriculum [...] Consider a whole school or college approach to online safety [with] a clear policy on the use of mobile technology.”

All staff

Key responsibilities:

- In 2020 pay particular attention to safeguarding provisions for **home-learning** and **remote-teaching technologies** (see coronavirus.lgfl.net/safeguarding for an infographic overview of safeguarding considerations for remote teaching technology. There are further details in the staff AUP.
- Recognise that **RSHE** will be introduced in this academic year and that it is a whole-school subject requiring the support of all staff; online safety has become core to this new subject
- Understand that online safety is a core part of safeguarding; as such it is part of everyone’s job – never think that someone else will pick it up
- Know who the Designated Safeguarding Lead (DSL) and Online Safety Lead (OSL) are
- Read Part 1, Annex A and Annex C of Keeping Children Safe in Education (whilst Part 1 is statutory for all staff, Annex A for SLT and those working directly with children, it is good practice for all staff to read all three sections).
- Read and follow this policy in conjunction with the school’s main safeguarding policy
- Record online-safety incidents in the same way as any safeguarding incident and report in accordance with school procedures.
- Understand that safeguarding is often referred to as a jigsaw puzzle – you may have discovered the missing piece so do not keep anything to yourself
- Sign and follow the staff acceptable use policy and code of conduct (which can be found on the school’s shared resources system)
- Notify the DSL/OSL if policy does not reflect practice in your school and follow escalation procedures if concerns are not promptly acted upon
- Identify opportunities to thread online safety through all school activities as part of a whole school approach in line with the RSHE curriculum, both outside the classroom and within the curriculum, supporting curriculum/stage/subject leads, and making the most of unexpected learning opportunities as they arise (which have a unique value for pupils)

- Whenever overseeing the use of technology in school or for homework or remote teaching, encourage and talk about appropriate behaviour and how to get help and consider potential risks and the age-appropriateness of websites (find out what appropriate filtering and monitoring systems are in place)
- When supporting pupils remotely, be mindful of additional safeguarding considerations – refer to the [20 Safeguarding Principles for Remote Lessons](#) infographic which applies to all online learning
- Carefully supervise and guide pupils when engaged in learning activities involving online technology, supporting them with search skills, critical thinking, age appropriate materials and signposting, and legal issues such as copyright and GDPR.
- Be aware of security best-practice at all times, including password hygiene, phishing strategies and managing 'live lesson' links.
- Prepare and check all online source and resources before using
- Encourage pupils/students to follow their acceptable use policy at home as well as at school, remind them about it and enforce school sanctions.
- Notify the DSL/OSL of new trends and issues before they become a problem
- Take a zero-tolerance approach to bullying and low-level sexual harassment (your DSL will disseminate relevant information from the new DfE document on this)
- Be aware that you are often most likely to see or overhear online-safety issues (particularly relating to bullying and sexual harassment and violence) in the playground, corridors, toilets and other communal areas outside the classroom – let the DSL/OSL know
- Receive regular updates from the DSL/OSL and have a healthy curiosity for online safeguarding issues
- Model safe, responsible and professional behaviours in their own use of technology. This includes outside the school hours and site, and on social media, in all aspects upholding the reputation of the school and of the professional reputation of all staff. More guidance on this point can be found in this [Online Reputation](#) guidance for schools.

PSHE / RSHE Lead/s – Juliette Kelly

Key responsibilities:

- As listed in the 'all staff' section, plus:
- Embed consent, mental wellbeing, healthy relationships and staying safe online into the PSHE / Relationships education, relationships and sex education (RSE) and health education curriculum. "This will include being taught what positive, healthy and respectful online relationships look like, the effects of their online actions on others and knowing how to recognise and display respectful behaviour online. Throughout these subjects, teachers will

address online safety and appropriate behaviour in an age appropriate way that is relevant to their pupils' lives."

- This will complement the computing curriculum, which covers the principles of online safety at all key stages, with progression in the content to reflect the different and escalating risks that pupils face. This includes how to use technology safely, responsibly, respectfully and securely, and where to go for help and support when they have concerns about content or contact on the internet or other online technologies.
- Work closely with the DSL/OSL and all other staff to ensure an understanding of the issues, approaches and messaging within PSHE / RSHE.
- Note that an RSHE policy should now be included on the school website.
- Work closely with the Computing lead to avoid overlap but ensure a complementary whole-school approach, and with all other lead staff to embed the same whole-school approach

Computing Lead – Natalie Parker

Key responsibilities:

- As listed in the 'all staff' section, plus:
- Oversee the delivery of the online safety element of the Computing curriculum in accordance with the national curriculum
- Work closely with the RSHE lead to avoid overlap but ensure a complementary whole-school approach
- Work closely with the DSL/OSL and all other staff to ensure an understanding of the issues, approaches and messaging within Computing
- Collaborate with technical staff and others responsible for ICT use in school to ensure a common and consistent approach, in line with acceptable-use agreements

Subject Leaders

Key responsibilities:

- As listed in the 'all staff' section, plus:
- Look for opportunities to embed online safety in your subject or aspect, especially as part of the new RSHE curriculum, and model positive attitudes and approaches to staff and pupils alike
- Consider how the UKCIS framework Education for a Connected World and Teaching Online Safety in Schools can be applied in your context

- Work closely with the DSL/OSL and all other staff to ensure an understanding of the issues, approaches and messaging within Computing
- Ensure subject specific action plans also have an online-safety element

Network Manager – SchoolCare

Key responsibilities:

- As listed in the 'all staff' section, plus:
- Support the HT and DSL team as they review protections for **pupils in the home** and **remote-learning** procedures, rules and safeguards (see coronavirus.lgfl.net/safeguarding for an addendum to policies and an infographic overview of safeguarding considerations for remote teaching technology.
- Keep up to date with the school's online safety policy and technical information in order to effectively carry out their online safety role and to inform and update others as relevant
- Meet the RSHE lead to see how the online-safety curriculum delivered through this new subject can complement the school IT system and vice versa, and ensure no conflicts between educational messages and practice.
- Work closely with the designated safeguarding lead / online safety lead / data protection officer / LGfL nominated contact to ensure that school systems and networks reflect school policy
- Ensure the above stakeholders understand the consequences of existing services and of any changes to these systems (especially in terms of access to personal and sensitive records / data and to systems such as YouTube mode, web filtering settings, sharing permissions for files on cloud platforms etc
- Support and advise on the implementation of 'appropriate filtering and monitoring' as decided by the DSL and senior leadership team
- Maintain up-to-date documentation of the school's online security and technical procedures
- To report online-safety related issues that come to their attention in line with school policy
- Manage the school's systems, networks and devices, according to a strict password policy, with systems in place for detection of misuse and malicious attack, with adequate protection, encryption and backup for data, including disaster recovery plans, and auditable access controls

Data Protection Officer (DPO) – Claire Glover

Key responsibilities:

- Be aware that of references to the relationship between data protection and safeguarding in key Department for Education documents 'Keeping Children Safe in Education' and 'Data protection: a toolkit for schools' (August 2018), especially this quote from the latter document:
- "GDPR does not prevent, or limit, the sharing of information for the purposes of keeping children safe. Lawful and secure information sharing between schools, Children's Social Care, and other local agencies, is essential for keeping children safe and ensuring they get the support they need. **The Data Protection Act 2018 introduced 'safeguarding' as a reason to be able to process sensitive, personal information, even without consent** (DPA, Part 2,18; Schedule 8, 4) When Designated Safeguarding Leads in schools are considering whether, or not, to share safeguarding information (especially with other agencies) it is considered best practice for them to record who they are sharing that information with and for what reason. If they have taken a decision not to seek consent from the data subject and/or parent/carer that should also be recorded within the safeguarding file. All relevant information can be shared without consent if to gain consent would place a child at risk. Fears about sharing information **must not be allowed** to stand in the way of promoting the welfare and protecting the safety of children."

The same document states that the retention schedule for safeguarding records may be required to be set as 'Very long term need (until pupil is aged 25 or older)'. However, some local authorities require record retention until 25 for all pupil records. An example of an LA safeguarding record retention policy can be read at safepolicies.lgfl.net, but you should check the rules in your area.

- Work with the DSL, headteacher and governors to ensure frameworks are in place for the protection of data and of safeguarding information sharing as outlined above. You may be interested in the discounts for LGfL schools for three market-leading GDPR compliance solutions at gdpr.lgfl.net
- Ensure that all access to safeguarding data is limited as appropriate, and also monitored and audited

Volunteers and contractors (including tutors)

Key responsibilities:

- Read, understand, sign and adhere to an acceptable use policy (AUP)
- Report any concerns, no matter how small, to the designated safety lead / online safety coordinator as named in the AUP

- Maintain an awareness of current online safety issues and guidance
- Model safe, responsible and professional behaviours in their own use of technology at school and as part of remote teaching or any online communications
- Note that as per AUP agreement a contractor will never attempt to arrange any meeting, **including tutoring session**, without the full prior knowledge and approval of the school, and will never do so directly with a pupil. The same applies to any private/direct communication with a pupil.

Pupils

Key responsibilities:

- Read, understand, sign and adhere to the student/pupil acceptable use policy and review this annually
- Treat **home learning during any isolation/quarantine or bubble/school lockdown in the same way as regular learning in school** and behave as if a teacher or parent were watching the screen
- Avoid any private communication or use of personal logins/systems to communicate with or arrange meetings with school staff or tutors
- Understand the importance of reporting abuse, misuse or access to inappropriate materials, including any concerns about a member of school staff or supply teacher or online tutor
- Know what action to take if they or someone they know feels worried or vulnerable when using online technology, at school, home or anywhere else.
- To understand the importance of adopting safe and responsible behaviours and good online safety practice when using digital technologies outside of school and realise that the school's acceptable use policies cover actions out of school, including on social media
- Remember the rules on the misuse of school technology – devices and logins used at home should be used just like if they were in full view of a teacher.
- Understand the benefits/opportunities and risks/dangers of the online world and know who to talk to at school or outside school if there are problems.
- Use online learning platforms (such as Google Classroom) appropriately and for learning, not for social communication.
- Ensure any chat facilities are used appropriately and for learning purposes only.

Parents/carers

Key responsibilities:

- Read, sign and promote the school's parental acceptable use policy (AUP) and read the pupil AUP and encourage their children to follow it
- Consult with the school if they have any concerns about their children's and others' use of technology
- Promote positive online safety and model safe, responsible and positive behaviours in their own use of technology, including on social media: not sharing other's images or details without permission and refraining from posting negative, threatening or violent comments about others, including the school staff, volunteers, governors, contractors, pupils or other parents/carers.
- Encourage children to engage fully in home-learning during any period of isolation/quarantine or bubble/school closure and flag any concerns
- Support the child during remote learning to avoid video calls in a bedroom if possible and if not, to ensure the child is fully dressed and not in bed, with the camera pointing away from beds/bedding/personal information etc. and the background blurred or changes where possible.
- If organising private online tuition, remain in the room if possible, ensure the child knows tutors should not arrange new sessions directly with the child or attempt to communicate privately.

External groups including parent associations – Friends of Brockhurst

Key responsibilities:

- Any external individual/organisation will sign an acceptable use policy prior to using technology or the internet within school
- Support the school in promoting online safety and data protection
- Model safe, responsible, respectful and positive behaviours in their own use of technology, including on social media: not sharing other's images or details without permission and refraining from posting negative, threatening or violent comments about others, including the school staff, volunteers, governors, contractors, pupils or other parents/carers

Education and curriculum

The following subjects have the clearest online safety links (see the relevant role descriptors above for more information):

- Relationships education, relationships and sex education (RSE) and health (also known as RSHE or PSHE)
- Computing

However, as stated in the role descriptors above, it is the role of all staff to identify opportunities to thread online safety through all school activities, both outside the classroom and within the curriculum, supporting curriculum/stage/subject leads, and making the most of unexpected learning opportunities as they arise (which have a unique value for pupils)

Whenever overseeing the use of technology (devices, the internet, new technology such as augmented reality, etc) in school or setting as homework tasks, all staff should encourage sensible use, monitor what pupils/students are doing and consider potential dangers and the age appropriateness of websites (ask your DSL what appropriate filtering and monitoring policies are in place).

Equally, all staff should carefully supervise and guide pupils when engaged in learning activities involving online technology (including, extra-curricular, extended school activities if relevant and remote teaching), supporting them with search skills, critical thinking (e.g. fake news), age appropriate materials and signposting, and legal issues such as copyright and data law. saferesources.lgfl.net has regularly updated theme-based resources, materials and signposting for teachers and parents.

Annual reviews of curriculum plans / schemes of work (including for SEND pupils) are used as an opportunity to follow this framework more closely in its key areas of Self-image and Identity, Online relationships, Online reputation, Online bullying, Managing online information, Health, Wellbeing and lifestyle, Privacy and security, and Copyright and ownership.

Handling online-safety concerns and incidents

It is vital that all staff recognise that online-safety is a part of safeguarding (as well as being a curriculum strand of Computing, PSHE/RSHE and Citizenship).

General concerns must be handled in the same way as any other safeguarding concern; safeguarding is often referred to as a jigsaw puzzle, so all stakeholders should err on the side of talking to the online-safety lead / designated safeguarding lead to contribute to the overall picture or highlight what might not yet be a problem.

Support staff will often have a unique insight and opportunity to find out about issues first in the playground, corridors, toilets and other communal areas outside the classroom (particularly relating to bullying and sexual harassment and violence).

School procedures for dealing with online-safety will be mostly detailed in the following policies (primarily in the first key document):

- Safeguarding and Child Protection Policy
- Anti-Bullying Policy
- Behaviour Policy
- Acceptable Use Policies
- Data Protection Policy, agreements and other documentation (e.g. privacy statement and consent forms for data sharing, image use etc)

This school commits to take all reasonable precautions to ensure online safety, but recognises that incidents will occur both inside school and outside school (and that those from outside school will continue to impact on pupils when they come into school or during extended periods away from school. All members of the school are encouraged to report issues swiftly to allow us to deal with them quickly and sensitively through the school's escalation processes.

Any suspected online risk or infringement should be reported to the online safety lead / designated safeguarding lead on the same day – where clearly urgent, it will be made by the end of the lesson.

Any concern/allegation about staff misuse is always referred directly to the Headteacher, unless the concern is about the Headteacher in which case the complaint is referred to the Chair of Governors and the LADO (Local Authority's Designated Officer). Staff may also use the NSPCC Whistleblowing Helpline (you may want to display a poster with details of this / other helplines in the staff room).

The school will actively seek support from other agencies as needed (i.e. the local authority, LGfL, UK Safer Internet Centre's Professionals' Online Safety Helpline, NCA CEOP, Prevent Officer, Police, IWF). We will inform parents/carers of online-safety incidents involving their children, and the Police where staff or pupils engage in or are subject to behaviour which we consider is particularly disturbing or breaks the law (particular procedures are in place for sexting and upskirting; see section below).

The school should evaluate whether reporting procedures are adequate for any future closures/lockdowns/isolation etc and make alternative provisions in advance where these might be needed.
